## A passionate Web developer

📍 Addis Ababa , Ethiopia

Highly motivated and detail-oriented Full Stack Web Developer with a strong passion for creating dynamic and responsive web applications. With proficiency in JavaScript, HTML, CSS, Node.js, and React, I excel in both front-end and back-end development. I have hands-on experience building RESTful APIs and working with databases such as MySQL. My quick learning skills, problem-solving skills, attention to detail, and ability to collaborate make me a valuable asset in team environments.

## Skills

JavaScript ES6 | jQuery | HTML5 | CSS3 | React | NEXT | Redux | Bootstrap | REST API | Node | NPM | Express | JSX | JSON | WordPress | MySQL | Postman | Mango DB | Git | GitHub | Adobe Photoshop | VS Code | Shopify | Firebase | Vercel | AWS | Deployment.

## Experience

### Full Stack Web Developer | Remote

Miracle IT Consulting, Oakville.

March 2021 - May 2023

- Collaborated in a dynamic team to design, develop, and deploy user-friendly web applications using HTML, CSS, and JavaScript.
- Crafted responsive, cross-browser-compatible front-end interfaces, utilizing modern JavaScript frameworks like React.js and Next.js for enhanced interactivity and streamlined development.
- Implemented back-end functionality using Node.js and Express, creating RESTful APIs to handle data processing and retrieval.
- Optimized our code, resulting in a 15% decrease in latency.

### Full stack Web Developer

Upwork

Jan 2021 - Present

- Collaborated directly with clients to understand their requirements and deliver customized web solutions.
- Developed responsive and visually appealing websites using HTML, CSS, and JavaScript. Implemented front-end frameworks Bootstrap and React to enhance the user interface and improve user experience.
- Communicated effectively with clients to address their needs, provide progress updates, and deliver projects on time. Managed multiple projects simultaneously, demonstrating strong organizational and time management skills.
- Leveraged problem-solving abilities to troubleshoot and resolve technical issues as they arose.
